

IT'S ALMOST PICTURE DAY EMAIL TEMPLATE:

Carolina Portrait Pros created this email template for you to send to your parents prior to picture day. Please copy and paste the below message into an email or newsletter one week prior to picture day and your work is done!

Hello, Families!

Get excited, it's almost picture day! Carolina Portrait Pros will be at your school on **{INSERT DATE}** to capture your student's school portraits.

A couple of things to remember:

1. Two weeks prior to picture day, Carolina Portrait Pros will provide a sample of the background selection to your school so that you can choose your favorite picture day outfit. An example of our background is shown above.
2. One day prior to picture day, Carolina Portrait Pros will begin communicating with you directly about when and how to access your student's images. Be sure your email is set to receive messages from info@carolinaportraitpros.com so you don't miss a thing!
3. Got questions? Check out www.carolinaportraitpros.com for more information. If you do not find an answer there, please reach out to info@carolinaportraitpros.com.

Thank you so much for the opportunity to serve you and your school!
