## FAQs {frequently asked questions}

### HOW MANY CLOTHING CHANGES DO I NEED?

To be honest, we can give you awesome images from even one outfit. Sometimes people bring in a ton of outfits for us to choose from and a lot of shooting time is lost sorting through too many clothes. It's best to bring 1 or 2 alternate outfits just in case, but any more and it becomes overwhelming.

### SHOULD I GO OUT AND BUY NEW CLOTHES FOR MY SESSION?

Our portraits are about YOU and your clothes should only be an accessory. We love close-up images so many times a basic shirt with great accessories can really bring attention to your face!

### WHAT IF IT RAINS ON THE DAY OF MY SESSION?

No worries just go ahead and come to your session. We can do all the studio shots first and hope it clears up. If we have to, we can re-schedule the outdoor portion of your session for a later date.
