# Norfolk Lake

## *A Scenic Wonder*

**N**orfolk Lake is a place unlike any other. It's a place where the rolling wooded shoreline frames a sparkling blue expanse. The pristine waters of Norfolk Lake await whatever your recreational interest. With over 550 miles of shoreline, it's easy to find a quiet secluded cove for skiing, wakeboarding or swimming — and the beautifully clear water affords excellent scuba diving. Fish the lake for walleye, crappie, bass and stripers. Come and bask in the beauty of Norfolk Lake.

Warm enough to swim in  
by mid May!

"You'll see wildlife, but even if you don't, the setting alone is enough to create a wonderful experience."
